

Initial Public Offering (“IPO”) tax services

April 2025

The process of going public is often difficult. Apart from legal and financial aspects, taxation is an important area that companies need to consider.

In an increasing complex tax environment, Baker Tilly can assist you throughout the IPO process and help you build a solid tax strategy and framework that adheres to the relevant tax legislations.

How Baker Tilly can assist

IPO Preparation

- Assess the current corporate and capital structure and provide tax structuring advice and assistance
- Assist with tax health check to assess tax attributes and identify uncertain tax and transfer pricing issues for action and resolution
- Provide advice on executive remuneration/stock plan
- Assist companies to perform a holistic review of their tax risk management and control for corporate income tax and Goods and Services Tax (“GST”) matters
- Tax Risk Management & Control Framework for corporate income tax (“CTRM”)
- Assisted Compliance Assurance Programme (“ACAP”)
- Assist to identify, evaluate and apply for available tax incentives as announced in Budget 2025.

IPO Execution

- Review key tax sections of the prospectus
- Work together with the companies’ sponsors to clear tax issues with the relevant Stock Exchange

Post-IPO

- Assist with on-going corporate income tax, transfer pricing and GST compliance
- Provide tax advice and assistance for subsequent transactions (e.g., mergers and acquisitions, etc.)
